

## English Alive Academy in Nazret, Ethiopia Update - December 2011

The Compass School is maintaining an ongoing link with the English Alive Academy in Nazret, Ethiopia.

Several pupils are currently taking part in a '**pen-pal**' **letter exchange** scheme. We have written replies to the letters that Mr Macdonald brought back from Ethiopia after the summer, from the children over there. We are looking forward to hearing back from them again soon!

Additionally, we are sponsoring 4-year old **Sosi** (below) for the current academic session. Our monthly donation goes towards paying for her fees, uniform and equipment, none of which her family would be able to afford. We expect to receive regular updates about her progress.

The school are delighted to be linking up with friends overseas and we really feel part of a global community!

Sosi . July 2011
